

My name is Rachel Herskowitz and I am running for a director seat on the Delaware School Counselor Association board. For the past 5 years, I have served as the Professional Development chair for DSCA, planning in-person and virtual seasonal conferences. I have thoroughly enjoyed my time in this position and would love the opportunity to move forward.

I have worked at Mount Pleasant HS for 20 years: 8 as a school counselor, 12 as a special education teacher, and currently am the Department Chair and Lead Counselor mentor for my district. My passion for school counseling, bettering the lives of students and advocating for other school counselors and students is evident throughout my everyday life. My commitment to helping my fellow school counselors overcome obstacles and find their voice has inspired me to lead by example by managing multiple leadership roles. I pride myself on being an excellent listener, creative problem solver, and continuous source of support, professionally and personally. My organizational and teamwork skills allow me to support those who I work with, while delegating tasks as needed.

If elected, I will continue collaboratively working with the fabulous team of leaders we have in our state and being your voice. By taking on a new role, I hope to continue learning and growing as a school counselor in this unique community.
