Delaware School Counselor Association Director Application – Candidate Statement

I am interested in being considered for a Director position with the DSCA. I am in my 7th year as a school counselor, and I can honestly say that I love my job. I am passionate about student advocacy and future planning. I achieve these tasks by building strong relationships with my students and their families and supporting them academically and social-emotionally throughout their high school career.

Five of my seven years have been in a charter school. I feel that I would be a great addition to the board so that I can bring a charter school perspective.

I believe that school counseling is constantly evolving and changing, and I would love the opportunity to be part of that growth. It is important for school counselors to network and collaborate to be sure we are supporting all our students the best way we can.

Joining the DSCA Board would allow me to grow, both personally and professionally.

Collaboration and leadership are two qualities in myself that would strengthen as member of the DSCA board. It would also help me in ensuring that the counseling plan at my current school is effective.

Thank you for your consideration in this process.
